### Session One: We’re All Connected

Students explore how it is possible that inventions and products traded between countries can change the world.

**Objectives:**
The students will:
- Define international trade.
- Analyze how technology changes society by creating new jobs and making some jobs obsolete.
- Evaluate how technology innovation creates a global community.

| 1.5 | Demonstrate working both independently and cooperatively. |
| 7.5 | Develop effective communication skills. |

### Session Two: Know Your Neighbors

Students analyze cultural differences that can make an impact on international business. They learn through characters at the FreeTrade Market the importance of being culturally aware.

**Objectives:**
The students will:
- Demonstrate knowledge of cultural business practices around the world.
- Articulate the importance of cultural awareness and sensitivity in international business.

| 7.8 | Recognize, respect, and appreciate individual and cultural diversity. |

### Session Details

#### Session Three: Want to Trade?
Students examine how trade works, why countries trade with other countries, and evaluate whether a single country could be completely self-sufficient.

**Objectives:**
The students will:
- Define interdependence and describe examples of multinational trade and its effect on a single product.
- Evaluate the pros and cons of trading with other countries.

#### Session Four: Wide World of Work
Students interview staff and customers at the FreeTrade Market to learn why people leave their home countries to work elsewhere and what is required to get an international job.

**Objectives:**
The students will:
- Explain how economic factors, like a job, can cause people to move to another country.
- Identify international career options and the requirements for that career, including a second language.
- Evaluate factors involved in working for an international organization.
